

I welcome an opportunity to contribute to the work of SEIU-UHW in a leadership position. I have been a Kaiser employee for 18 years, a contract specialist for SEIU-UHW for less than a year and is currently on the 2018 bargaining team. If elected, I would bring to this position the knowledge I've learned since working as a contract specialist. Within my short term as CS, I've participated in impact bargaining such as; 12- hour shift change for urgent care employees, centralized reception for 1515 building, and location change for ROI. I have gotten per-diem employees converted to part-time, and was able to prevent multiple terminations by working in partnership with management. I volunteered to fight for healthcare justice across California by collecting over 280 signatures for dialysis patients, and collected a total of \$360 in COPE to help fight political issues. If elected as an E-Board member, I would continue to use my leadership experience to represent Kaiser employees across Los Angeles Medical Center.
